

Empathy Day 9th June

# Empathy Walk

---

Some classes went on an empathy walk to discover how other people were feeling...

and then coloured in empathy shoes.

# Empathy Circle

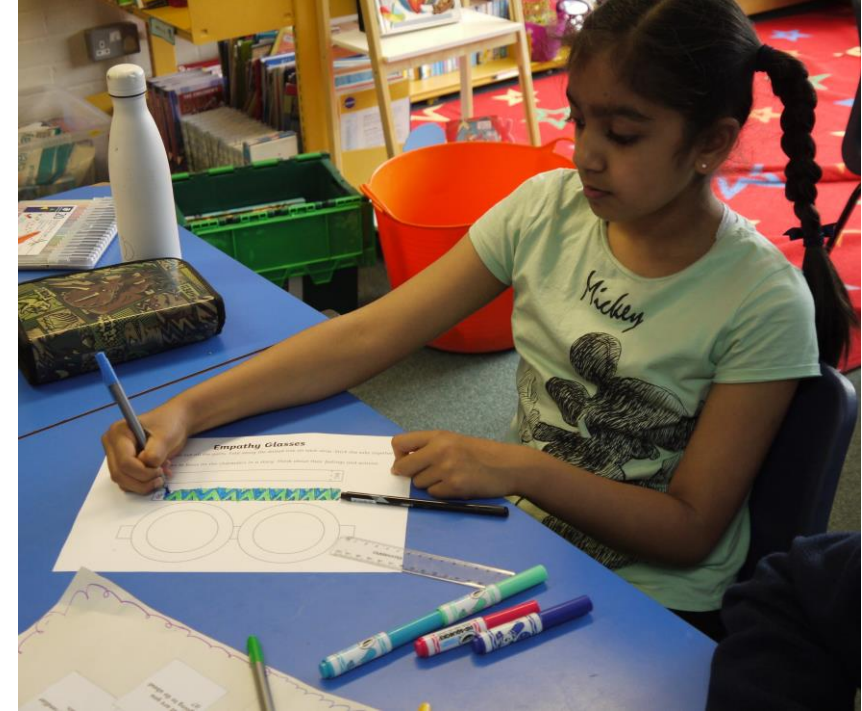

Discovering empathy by copying what others are feeling

# Empathy Glasses

Seeing the world through someone else's eyes

# Empathy

I'm sorry you are going through this.

I hate that this happened to you.

I'm here for you.

My heart hurts for you.

Everyone knows that bananas are healthy.

I can see how that would be difficult.

# No Empathy

Dogs are friendlier than cats.

I need you to bring me lunch tomorrow.

What are you going to do about it?

If I were you, I wouldn't play that game.

Blue is my favourite colour.

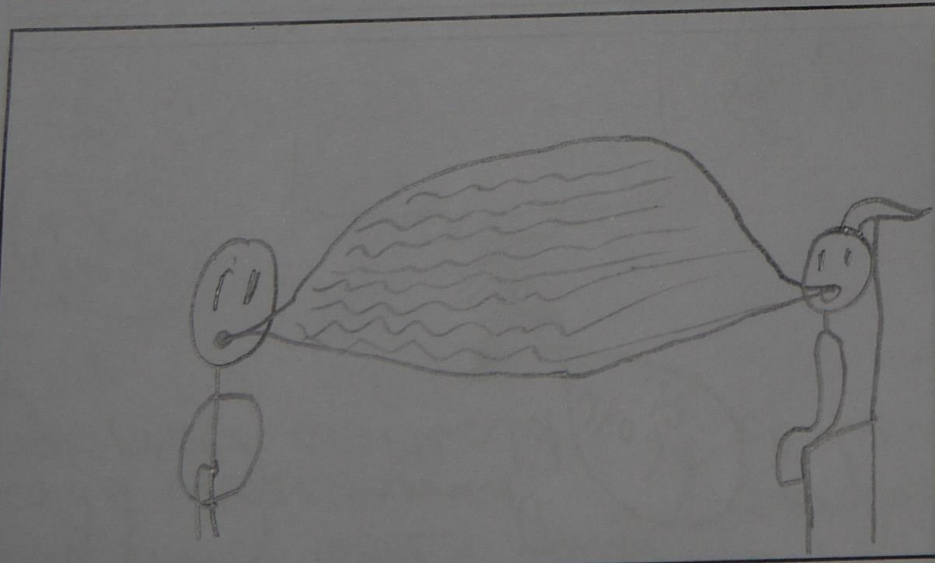

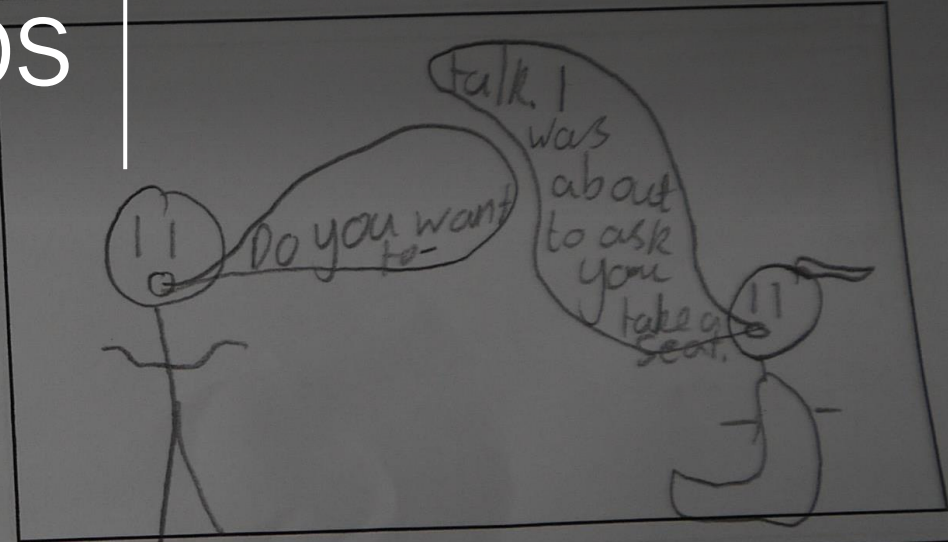

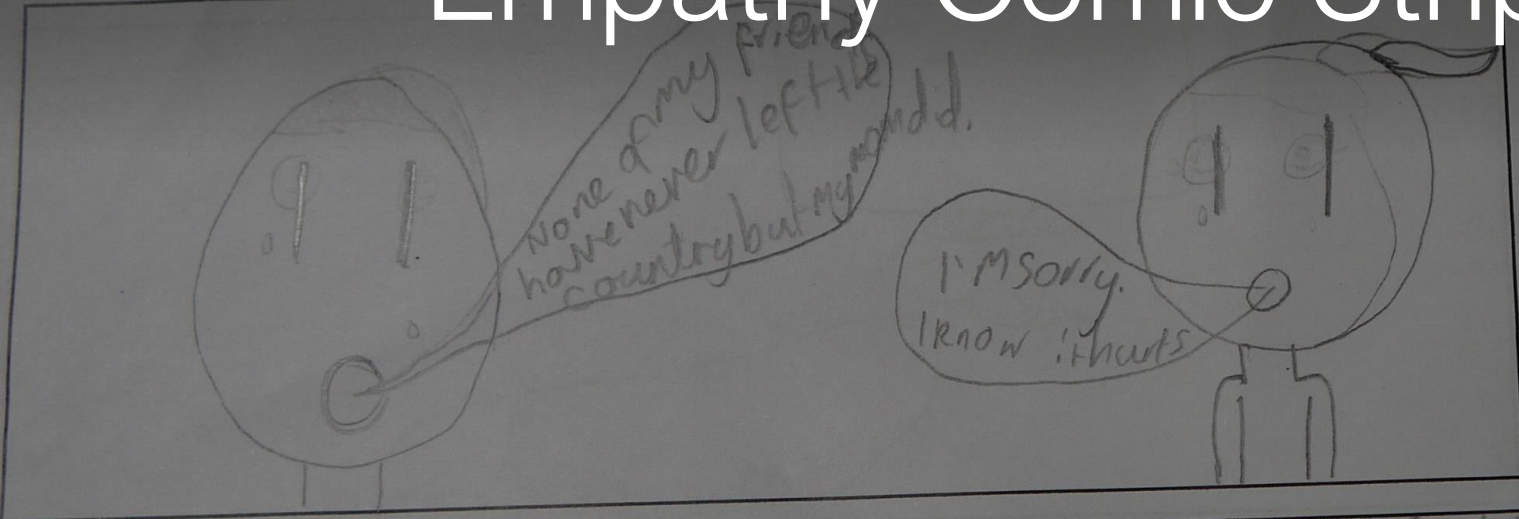

Oh, I'm sure it's not as bad as you think.

Using the right words.

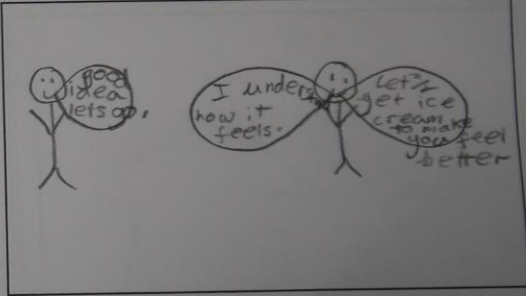

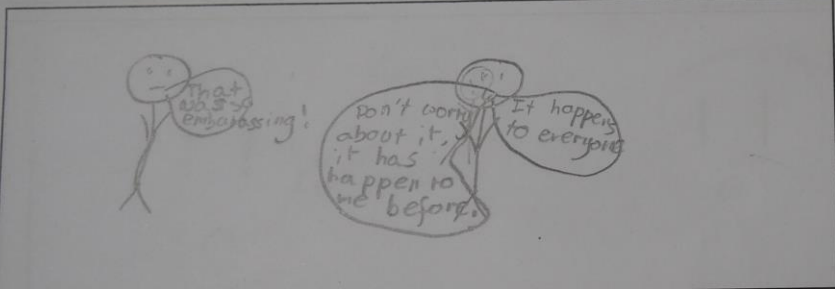

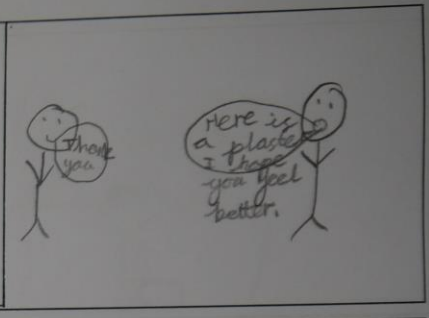

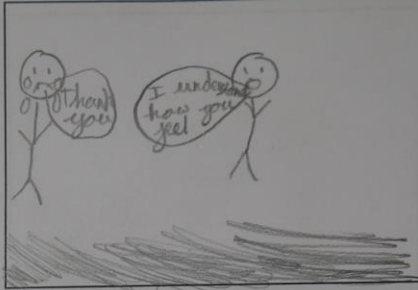

# Empathy Comic Strips

When I was walking in the school I noticed a young girl crying in the corner. "What's wrong?" I asked. She told me all about how her best friend was moving and I empathized. My mom left me when I was only a little." I said sadly. "Do you want to talk?" she said. So we just sat down and talked until our parents came to pick us up.

# Empathy

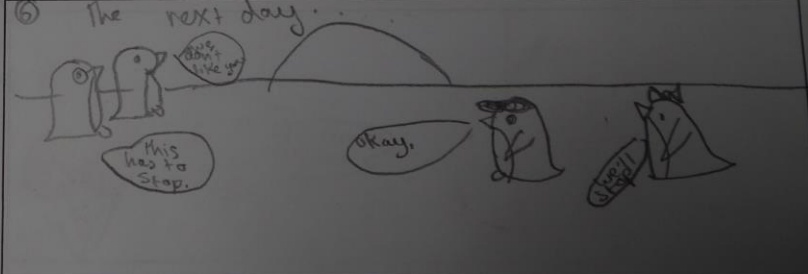

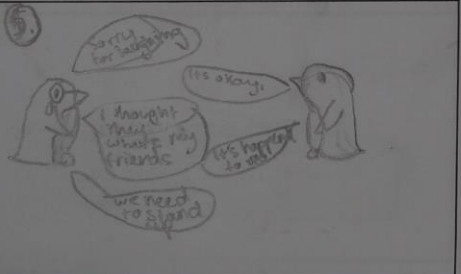

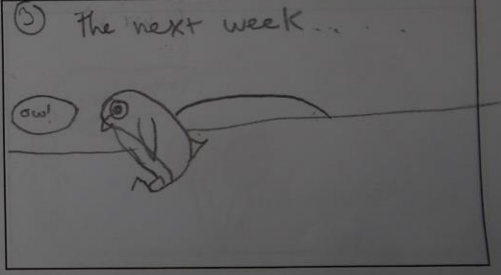

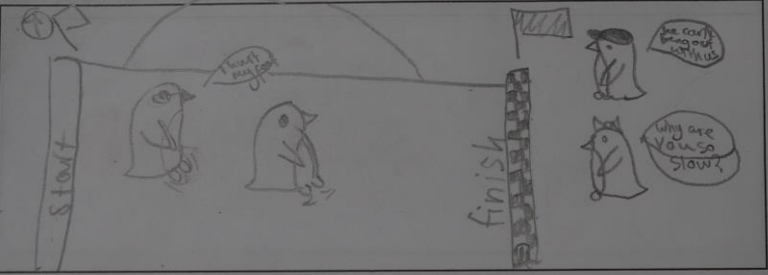

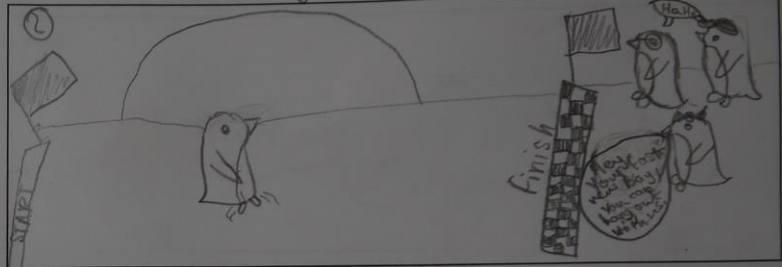

We put our arms around each other and walk slowly round the corner. Sometimes all you need is someone to care.
